One position for Project Management Assistant

The Institute of Chemical Engineering Sciences, Foundation of Research and Technology - Hellas, (FORTH/ICE-HT) is seeking applicants for a position in the context of the research project “Aerosol, Clouds and Trace Gases Research Infrastructure Implementation Project (ACTRIS-IMP)”, which is implemented under the H2020 Research and Innovation Action.

Job Description
To provide support for setting up the National consortium and the formal links of National Contact Persons and ACTRIS, prepare, develop links and cooperation with Regional Partner Facilities, implement and communicate with European and non-European scientists in order to operate the regional research infrastructure and measure on workflow events, of the aforementioned project “ACTRIS-IMP”.

The main objective of the specific part of ACTRIS-IMP shall be to facilitate and support actions linked to: (1) the preparation, implementation and operation of the ESFRI and other world-class research infrastructures, including the development of regional partner facilities, when a strong added value for Union intervention exists; (2) the integration of and transnational access to national and regional research infrastructures of European interest, so that European scientists can use them, irrespective of their location, to conduct top-level research; (3) the development, deployment and operation of e-infrastructures to ensure world-leading capability in networking, computing and scientific data.

Location: FORTH/ICE-HT, Patras, Greece
Duration: 10 months, with the potential of renewal
Total cost: up to 8.000€ (up to 800€ per month)
Envisaged starting date: 1/2/2021

Requirements and Qualifications
Education level: B.S. in Business Management.
Proven experience in management of European and National research projects and in the organization of the corresponding project meetings. Experience related to research projects in air quality is a plus.
Candidates must be fluent in both Greek and English, in order to meet working conditions and expert-level experience with computer operating systems

The evaluation of the candidacies will be based on the following criteria and qualifications:
