Invitation for Expression of Interest:

Research Assignment “Atmospheric Aerosol Measurements and FORTH Atmospheric Simulation Chamber Operation”

The Institute of Chemical Engineering Sciences, Foundation of Research and Technology - Hellas, (FORTH/ICE-HT) is seeking applicants for research work in the context of the research project «Constrained aerosol forcing for improved climate projections (FORCeS)” (Grant Agreement number: 821205 — FORCeS — H2020-LC-CLA-2018-2019-2020 / H2020-LC-CLA-2018-2), which is implemented under the EU-Horizon 2020 Research and Innovation Action.

Job Description

To conduct research under a work or a fixed-term contract in the framework of the aforementioned project “FORCeS”. The main objective of FORCeS is to understand and reduce the long-standing uncertainty in anthropogenic aerosol radiative forcing and to increase confidence in climate projections. The objective of this job is to perform atmospheric aerosol measurements in the laboratory and in the field and to operate the FORTH static and mobile atmospheric simulation chambers (FORTH-ASC and FORTH-MSC) for measurements related to FORCeS.

Location: FORTH/ICE-HT, Patras, Greece

Duration: up to 6 months, with the potential of renewal or extension according to the needs of the project

Salary: Up to approximately 1550 €/month (cost of the employer, including social security and taxes), depending on qualifications

Envisaged starting date: 1/4/2023

Requirements and Qualifications

The candidate is required to hold a Diploma in Chemical Engineering. Moreover, candidates must have knowledge of the Greek and English (level B1) language.

The evaluation of the candidacies will be based on the following criteria and qualifications:

| Qualifications | Points | Evaluation criteria |
|---|--------|--|
| Diploma thesis relevant to the operation of an atmospheric simulation chamber | 40 | Weak relevance = 10 points Medium relevance = 20 points Full relevance = 40 points |
| Diploma in Chemical Engineering | 30 | Diploma Grade X 3 points |

| | | |
|---|------------|--|
| Diploma thesis relevant to atmospheric aerosol measurements | 30 | Weak relevance = 10 points Medium relevance = 15 points Full relevance = 30 points |
| Overall | 100 | |

Application Submission

Interested candidates who meet the aforementioned requirements should submit their applications, no later than 6/3/2023, 16:00, by email to Kleanthi Zacharopoulou: kleanthi@iceht.forth.gr.

In order to be considered, the application must include:

- Application letter
- CV
- Scanned copies of academic titles & English language certificate
- Copy of diploma thesis

Any application received after the deadline will not be considered for the selection.

Selection Procedure

Applications that are received on time will be evaluated by a scientific committee using the criteria mentioned above. If necessary, certain candidates will be invited to a personal interview with the committee.

Interview Criteria:

(a) Background in the objective of the assignment (5 points). (b) Organizational and communication skills (5 points). (c) Team-spirit and self-motivation (5 points). (d) Commitment to achieving the goals (5 points)

The outcome of the selection will be announced on the website of FORTH/ICE-HT as well as on the website of "DIAVGEIA".

Selection Announcement

The result of the selection will be announced on the website of: FORTH/ICE-HT.

Candidates have the right to appeal the selection decision, by addressing their written objection to the FORTH/ICE-HT Research Secretariat, e-mail: kleanthi@iceht.forth.gr, within five (5) days after the results announcement on the web.

Contact

For information and questions regarding the application and selection procedure, candidates are asked to contact the FORTH/ICE-HT Research Secretariat, e-mail: kleanthi@iceht.forth.gr, tel.: +30 2610 965278.

For information and questions about the advertised position and the research activity of the group or the Institute, candidates are asked to contact Professor Spyros Pandis, e-mail: spyros@chemeng.upatras.gr.

General Protection Data Regulation

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights' as defined in the Regulation EU/2016/679 and/or in national law. We inform you that under the Regulation EU/2016/679 you have the rights to be informed about your personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws.

We acknowledge also to you, that you have the right to file a complaint to the national Data Protection Authority. For any further information regarding exercise of your personal data protection rights, you may contact the Data Protection Officer at FORTH at dpo@admin.forth.gr.

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.

For FORTH/ICE-HT,
Vasilis Burganos
Director
