Ref. No.: 120227

Invitation for Expression of Interest:

Ph.D. Fellowship “Structural, morphological and mechanical properties of graphene-based films”

The Institute of Chemical Engineering Sciences, Foundation of Research and Technology - Hellas, (FORTH/ICE- HT) is seeking applicants for one PhD candidate position in the context of the research project «Innovative pilot lines for sustainable graphene-based flexible and structural energy harvesting and storage devices (GRAPHERGIA), GA: 101120832», which is implemented under the HORIZON EUROPE.

Job Description

To conduct research as a Ph.D. candidate in the framework of the aforementioned project “GRAPHERGIA”. The main objective of GRAPHERGIA is to develop a new science-based, holistic approach, implementing new advances to achieve one-step, laser-assisted synthesis, processing, functionalization and simultaneous integration of graphene-based materials and graphene nanohybrids, directly into relevant energy harvesting/storage devices. The selected candidate will conduct research, as a graduate student (PhD), in the framework of the aforementioned project “GRAPHERGIA”, in the study of structural, morphological and mechanical properties of graphene-based films for supercapacitor and battery electrodes.

Location: FORTH/ICE-HT, Patras, Greece

Duration: up to 6 months, with the potential of renewal or extension according to the needs of the project.

Fellowship: up to approximately 840 € per month (graduate fellowship) depending on qualifications.

Envisaged starting date: 01/11/2023

Requirements and Qualifications

The applicant should hold both undergraduate (B.Sc.) and M.Sc. degree in Physics or Chemistry or Materials Science or relevant field. The candidate should have been registered in a Ph.D. program in Physics or Chemistry or Materials Science or Chemical Engineering or relevant field. Experience with Raman spectroscopy as well as with characterization of the morphology and the mechanical properties of graphene would be strongly favored. Candidates must be fluent in Greek language and have a good knowledge of English (at least level B2) language.

The evaluation of the candidacies will be based on the following criteria and qualifications:

Qualifications	Weight	Evaluation criteria
Proven experience in the study of structural, morphological and mechanical properties of graphene-based films	35	Demonstrated through 1. Publications or annual progress reports submitted to Department enrolling the Ph.D.: 5 points per report/publication, up to 15 points 2. Experience from participation in other relevant funded research projects: 10 points per year of active participation; up to 20 points
M.Sc. grade	20	2 points X M.Sc. grade
Interview	20	(a) Background in the objective of the assignment (8 points). (b) Organizational and communication skills (4 points). (c) Team-spirit and self-motivation (4 points). (d) Commitment to achieving the goals (4 points).
Knowledge of English Language	15	10 points (C1), 15 points (C2)
B.Sc. grade	10	1 point X B.Sc. grade
Overall	100	

Application Submission

Interested candidates who meet the aforementioned requirements should submit their applications, no later than 5/10/2023, 16:00 h, by email to Kleanthi Zacharopoulou: kleanthi@iceht.forth.gr.

In order to be considered, the application must include:

- Application letter
- CV with clear description of the methodologies possessed by the applicant and the level of experience
- Scanned copies of academic titles & English language certificate
- Certificate of registration as a PhD candidate
- Copies of publications in peer-reviewed journals or annual progress reports
- Employer's certificate and any other official documentation of the required experience

Any application received after the deadline will not be considered for the selection.

Selection Procedure

Applications that are received on time will be evaluated by a scientific committee using the criteria mentioned above.

Selection Announcement

The result of the selection will be announced on the website of: FORTH/ICE-HT.

Candidates have the right to appeal the selection decision, by addressing their written objection to the FORTH/ICE-HT Research Secretariat, e-mail: kleanthi@iceht.forth.gr, within five (5) days after the results announcement on the web.

Contact

For information and questions regarding the application and selection procedure, candidates are asked to contact the FORTH/ICE-HT Research Secretariat, e-mail: kleanthi@iceht.forth.gr, tel.: +30 2610 965278.

For information and questions about the advertised position and the research activity of the group or the Institute, candidates are asked to contact Professor Spyros Yannopoulos: tel: 30 2610 965252, email: sny@iceht.forth.gr

General Protection Data Regulation

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights as defined in the Regulation EU/2016/679 and/or in national law. We inform you that under the Regulation EU/2016/679 you have the rights to be informed about your personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws.

We acknowledge also to you, that you have the right to file a complaint to the national Data Protection Authority. For any further information regarding exercise of your personal data protection rights, you may contact the Data Protection Officer at FORTH at dpo@admin.forth.gr.

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.

For FORTH/ICE-HT,

Theophilos Ioannides
Director
