

Patras, 19/06/2024

Ref. No.: 144784

**Invitation for Expression of Interest:**  
**Postdoctoral Research Assignment** "Membrane modeling software and user interface"

The Institute of Chemical Engineering Sciences, Foundation of Research and Technology - Hellas, (FORTH/ICE- HT) is seeking applicants for one postdoctoral research assignment under a fixed term employment contract in the context of project "Open Innovation Test Bed for nano-enabled Membranes" (INNOMEM) \_ Grant Agreement Number: 862330, which is implemented under the H2020 Research and Innovation Action.

**Job Description**

To conduct research in the framework of the aforementioned project "INNOMEM". The main objective of the specific part of INNOMEM is to develop and test interface codes to process membrane modeling inquiries.

**Location:** FORTH/ICE-HT, Patras, Greece

**Duration:** up to 3 months

**Salary:** up to approximately 2400 €/month (cost of the employer, including social security and taxes), depending on qualifications

**Envisaged starting date:** 1/8/2024

**Requirements and Qualifications**

Education level: PhD

Diploma: Engineering

Participation in funded European or national research projects (at least three years).

Publications in international journals on the development and use of machine learning codes (at least ten).

Candidates must be fluent in Greek language and have proven excellent knowledge of English (C2 level) language.

The evaluation of the candidacies will be based on the following criteria and qualifications:

Qualifications	Weight	Evaluation criteria
Publications in international journals on the development and use of machine learning codes	60	Number of publications in journals 4 points/publication, max 60 points
Participation in externally funded projects	40	Duration of participation in funded projects 10 points/year, max 40
<b>TOTAL</b>	<b>100</b>	

**Application Submission**

Interested candidates who meet the aforementioned requirements should submit their applications, no later than 1/7/2024, 16.00h, by email to Kleanthi Zacharopoulou: [kleanthi@iceht.forth.gr](mailto:kleanthi@iceht.forth.gr).

In order to be considered, the application must include:

- Application letter
- CV with clear description of the models and codes developed by the applicant
- Scanned copies of academic titles and language knowledge certificates
- Copies of publications in international journals on the development and use of machine learning codes

- Employer's certificate and any other official documentation of the required experience

**Any application received after the deadline will not be considered for the selection.**

### **Selection Procedure**

Applications that are received on time will be evaluated by a scientific committee using the criteria mentioned above. If necessary, certain candidates will be invited to a personal interview with the committee.

Interview Criteria:

(a) Background in the objective of the assignment (5 points). (b) Organizational and communication skills (5 points). (c) Team-spirit and self-motivation (5 points). (d) Commitment to achieving the goals (5 points)

The outcome of the selection will be announced on the website of FORTH/ICE-HT as well as on the website of "DIAVGEIA".

In case of titles and qualifications awarded by foreign Higher Education Institutions, the provisions of the Law 55/2023 (article 36) and 4957/2022 (article 304) are implemented.

### **Selection Announcement**

The result of the selection will be announced on the website of: FORTH/ICE-HT.

Candidates have the right to appeal the selection decision, by addressing their written objection to the FORTH/ICE-HT Research Secretariat, e-mail: [kleanthy@iceht.forth.gr](mailto:kleanthy@iceht.forth.gr), within five (5) days after the results announcement on the web.

### **Contact**

For information and questions regarding the application and selection procedure, candidates are asked to contact the FORTH/ICE-HT Research Secretariat, e-mail: [kleanthy@iceht.forth.gr](mailto:kleanthy@iceht.forth.gr), tel.: +30 2610 965278.

For information and questions about the advertised position and the research activity of the group or the Institute, candidates are asked to contact Dr. Vasilis Burganos, e-mail: [vbur@iceht.forth.gr](mailto:vbur@iceht.forth.gr).

### **General Protection Data Regulation**

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law. FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights' as defined in the Regulation EU/2016/679 and/or in national law.

We inform you that under the Regulation EU/2016/679 you have the rights to be informed about your personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws.
