

# FORTH/ICE-HT

## Terms of Use – External Users

### **General Policy of the Institute for the use of its facilities**

Internal Users have priority in the use of FORTH/ICE-HT Service Research Facilities

#### **For all academic users**

Any publication, presentation, patent that is generated based on data acquired in the equipment facilities of the Institute should acknowledge the use of the facility. Failure of acknowledgment will lead to refuse on behalf of the Institute for the user to access its service facilities. The Institute should be notified of any publications that are based on data acquired in its facilities and retains the right to link them with its service facilities web page.

#### **For non-academic users**

The terms governing the publication and intellectual property of results generated from data acquired in the Institute's service facilities will be agreed upon and laid out in the materials transfer agreement or collaboration contract to be signed between the user and the Institute.

### **Service Request Policy**

Service Requests should be made **only** through the e-ticketing type web page. Service requests are forwarded to the person in charge of the facility and the administrative assistant of the services. The person in charge of the facility will subsequently contact the applicant directly to discuss the details of his/her request.
